Primary site for contractors to engage with public infrastructure and building construction

Wisconsin Wins \$10 Billion Foxconn Investment

In 2017 Wisconsin's workforce and business climate went toe to toe with other states to compete for 13,000 new jobs and \$10 billion of capital investment from Foxconn's new state-of-the-art advanced manufacturing campus. Wisconsin won!

It's estimated that this project will add \$51 billion to Wisconsin's gross domestic product over 15 years, an economic impact of \$18 returned for every \$1 invested by the state.

Construction Updates

Project Construction

The second round of general information sessions for contractors were held for the Wisconn Valley Science and Technology Research Park.

Foxconn Impact

Check out the statewide impact Foxconn is having on workers, businesses, and communities throughout Wisconsin on the Foxconn Impact page.

Wisconn Valley News

Local elected officials, suppliers, contractors and members of the public are encouraged to turn to the Wisconn Valley News for the latest project status, road updates, next steps, and interesting facts.
